Volunteers Need for Virtual Academic Support

The Family Service Society of Yonkers (FSSY) is currently looking for volunteers to join its academic support program to work with elementary-aged children on their assignments. The purpose of this program is to assist children with literacy and other work on a one-to-one basis. Students selected by their teachers are paired with volunteer mentors who meet with them once per week for one hour. Mentoring will be done on the Zoom video meeting platform using FSSY Zoom lines, although there may also be some limited opportunity for in-person mentoring. Volunteers need internet access, a computer, and basic knowledge of Zoom.
